

Dear Families,

Another busy week in the life of St. Saviour's began with Year 5 visiting the Copper Box Sports Centre as part of their PE/Sports development. The children had a fabulous time and were able to participate in a variety of sports ranging from badminton, rugby, hockey, and judo to mention but a few.

On Wednesday some of our Year 6 pupils visited the BETT's Technology show at the EXCEL centre. They had a marvellous time and took part in a 'flash mob' press play activity. We received numerous commendations about their behaviour and technological knowledge. Press Play is the immersive technology we use in school to inspire learning so it was pleasing to support it globally.

Our Maths League went to Mayflower School on Thursday to take part in the Poplar Maths Competition. This is a half termly event where the children put into practice the skills they have learned in school. We are proud of our children as we are currently top of the league with a maximum of twenty points. Well done to our mathematicians and we know we will keep working hard regardless of our success.

How many 4 digit numbers can be made using the digits 3, 6, 9 and 9 exactly once each?

Please keep our girls football team in your thoughts this Saturday (23<sup>rd</sup>) as they represent Tower Hamlets in the London Cup. It is a great honour to represent your borough in a sporting event and we are all extremely proud of our girls and wish them all 'Good luck'. Thank you as always to Mr Solly who will be coaching the girls. Good luck.

*Mrs. Smith*
