

Newsletter

Dear Parents & Carers,

The staff and I would like to thank you for all your kind words and support this week. I know the Ofsted inspectors were grateful for the information and help you and staff gave them and was highly complementary about our school and especially our children. We hope the report will be available for publication before the end of the summer. As always you know that we are busy and carry on with pupils' learning whoever may be visiting and this week was been no exception.

Year 5 News: Yesterday we went on a trip to the amazing University of Sussex in Brighton. During the time there, we enjoyed lectures, had the opportunity to try on glasses to see in the perspective of a bee and experience tours around the campus by our selected ambassador Stephen. We found out about what university life would be like and even sampled mini lectures of either law or bio chemistry. We were even able to make up our very own germ and how to cure it. Some of us created new laws and introduced penalties for if people didn't obey. University is defiantly something I'd consider! **Year 4 News:** On Wednesday Year 4 visited Sutton House to support their learning about life during Tudor times, particularly the differences between how the rich and poor lived. Elijah said "It was great to dress up and I also enjoyed my wonderful banquet that was prepared by my servants." All of the children took part during a role play session. Deborah said "My favourite part was the brilliant dancing in the banquet hall." **Reception:** "We went on a school trip to Wigmore Hall, with Chamber Tots we had fun with John and everyone" Reagan. I know all the children and parents thoroughly enjoyed the music and singing once again and performing on a west end stage!

After our vicar Jane blessed the boat and all who play in her we have all had the chance to clamber, climb and sing a song or two in the best pirate fashion! Year two were very excited when the boat in the playground was opened "I was happy" said Sonny, Jason & Henry. I was glad we could play on the boat, because we could pretend to be pirates." Trees for Cities came in with 20 volunteers helping to make our grounds the best they can be followed by being visited by other schools and the Jamie Oliver Foundation demonstrating how to cook from food grown in our playground.

After all this we still managed to have an amazing musical treat by Year 1 and their fabulous drumming!

Mrs Smith

The week ahead:

Tuesday 1st July at 9.00in the hall

Secondary School Transfer meeting: Year 5 parents & carers - an information session to help you and your child with the secondary transfer process.

Friday 4th July: Year 6 go directly to their secondary schools

School Photographs
