

Home learning focus: some people indicated wanting to know more about homework in our survey feedback so each week we will be putting the work expected from each class on the back of the newsletter. Top tips on accessing iamlearning (that is now apple compatible for i-pads) and Bug Club as well as the Ready to Learn booklets, maths and reading help are on each class page on the website.

Homework

6th June 2014

| | | |
|------------|----------------------------------|--|
